**Instructions - Registering for Credit for
2021 Lignite Education Seminar: Energy, Economics and Environment
(You MUST register for credit BEFORE coming to the seminar)**

You have the option of receiving graduate professional development credit from one of three different North Dakota universities. Pick the one you would like credit from and follow the instructions **prior to the beginning of the seminar**. I have tested each form to ensure they are working and the links are good.

If you do not want the credit, please do not register as the Lignite Energy Council will have to pay \$100 for each registration. If you just need credit hours, please email me and I will provide you with a letter giving you 30 credit hours.

The Lignite Council pays the \$100 fee for your credits, so **do not enter your credit card number anywhere**. The universities will bill the Lignite Council for all registrations.
